

Focus on what's important without missing anything

SaneBox automatically filters unimportant emails from your Inbox into a separate folder and summarizes them in a digest.

Nothing to learn, it just works

SaneBox works anywhere you check your email - on Notes client, webmail and mobile device. If you know how to use mail folders, you know how to use SaneBox!

Productivity features to help you breeze through your Inbox

SaneReminders

Reminds you if your sent email wasn't replied to

Snooze folders

Snooze non-urgent emails until you're ready

SaneAttachments

Moves attachments to the cloud

SaneBlackHole

Unsubscribe from annoying emails with 1-click

and many more...
